

## **CALCIUM SENNOSOID : Specifications**

### **CAS NO.**

CAS NO.	52730-37-6/7
---------	--------------

### **NATURE**

NATURE	Brown color Powder.
--------	---------------------

### **PHYSICAL PROPERTIES**

Molecular Wt.	862.72
---------------	--------

Empirical Formula	C <sub>42</sub> H <sub>38</sub> O <sub>20</sub>
-------------------	---

### **SPECIFICATIONS**

Ash	16 %
-----	------

PH	Between 6.3 - 9.0
----	-------------------

Residue on Ignition	1.0 %
---------------------	-------

Loss On Ignition	2.0 -18 %
------------------	-----------

Acid Insoluble	1.0 %
----------------	-------

Assay	20 to 30 % (UV Method)
-------	------------------------

### **MICROBIOLOGICAL SPECIFICATION**

Salomenella	Negative
-------------	----------

E-coli	Negative
--------	----------

Yeast and Mold	NMT 100cfu/g
----------------	--------------

## **CALCIUM SENNOSOID : Applications**

**PACKING:** 25 / 50 Kg. Fibre Drumbs with Double Poly Liners inside
